# About Zayura

ZAYURA was founded by a group of passionate Chemical Engineering students at Birsa Institute of Technology (BIT) Sindri, one of India's premier engineering institutions. What started as a college project quickly evolved into a mission to transform how Indian businesses maintain cleanliness.

Today, ZAYURA stands for affordability, reliability, and sustainability. We're committed to helping businesses maintain professional cleanliness standards without breaking the bank, while contributing to the Swachh Bharat (Clean India) mission.
